## ABOUT MYSELF

I'm curious about things such as pond water viewed under a compound microscope, how far I can push my physical body in heavy weight and calisthenics training, and how the world of AI operates and shapes reality.

## EXPERIENCE

### Courtesy Clerk & DUG

Fry's  
2024-2025

I learned basic skills that one would acquire when starting out in the retail industry.

### Courtesy Clerk

Safeway  
2025-2026 (continuing)

I started off as a courtesy clerk for 4 months, and learned new skills I hadn't already acquired previously working at Fry's.

### Cashier & SCO Clerk

Safeway  
2025-2026 (continuing)

I became a master at bagging, so I was eventually cross-trained to also work as a cashier or SCO clerk time-to-time.

### Produce Clerk

Safeway  
2026-2026 (continuing)

I recently was cross-trained to also assist in the produce department. I have been working in the produce department for 5 months now, and I regularly help to close the department from time-to-time.
